

PTP ONECLICK – An Innovative Tax System Solution

PTP ONECLICK, powered by **SMART TAX TECHNOLOGY**, is an innovative, fully automated and integrated Tax System solution that is transforming the preparation, filing, collection and reporting of taxation for governments at all levels. At a time of global economic crisis, **PTP ONECLICK** streamlines and enhances revenue collection, just when taxation authorities need it most. Already an approved vendor by the State of Illinois, Cloud-ready and fully-compliant with industry standards, **PTP ONECLICK delivers:**

- Expedited revenue stream from all tax types
- 98% lower administrative costs over manual filings

PTP ONECLICK breaks entirely new ground – nimbly clearing the compliance hurdles of its outmoded predecessors – by making e-filing equally attractive to even minimally computer-savvy taxpayers. With dramatically fewer pages to navigate, **PTP ONECLICK** transforms the burdensome and protracted steps of preparation, filing and deposit into a simple, seamless payment system – a significant advantage to the taxing authority, when dealing with time-constrained and cash-strapped taxpayers. Innovator, CEO Paul Pavlou, has used his decades of experience as an accounting and tax professional to ensure **PTP ONECLICK provides:**

- Faster, easier and less frustrating e-filing
- Avoidance of interest and penalties
- Significant savings on professional tax preparation fees

Readily adaptable to the unique rules and regulations of each locale, **PTP ONECLICK** begins delivering these results, almost instantaneously. By fully automating collection and reporting, **PTP ONECLICK** minimizes the personnel time normally devoted to such processes and eliminates costly errors, facilitating the reallocation of financial and human resources where the need is critical.

PTP ONECLICK assures:

- Absolute accuracy in processing all types of tax returns
- Immediate deposit of funds in designated accounts

These enormous fiscal benefits, coupled with its unprecedented dual-ended user friendliness, make **PTP ONECLICK the one product no government today can afford to be without.**
