Integrated Tax Management Solutions For State Governments

ABOUT PTP ONECLICK

PTP ONECLICK, LLC was formed in 2006 to develop fully automated sales and use tax preparation and filing software for tax professionals, businesses, tax software developers, and state tax jurisdictions in the United States.

The Company was formed by Paul T. Pavlou, MBA, MSA, BSC, CTP, CPA, who, based on his twenty-plus years of practice as an accounting and tax professional, developed a patented Electronic Tax System. This revolutionary solution is marketed nationally as PAVLOU SalesTaxPRO™ and PTP E-File.Net™. It simplifies state and local sales and use tax preparation and filing for its users, so that what used to take days now only takes minutes!

Today PTP ONECLICK's offers a proprietary COTS Web-based Integrated Tax Management System that is fully automated and that can be easily configured to include any state-specific business rules for any tax types, and enables electronic filing and processing of tax returns for any tax jurisdiction.

IMPROVE STATE TAX REVENUE CASH FLOW

PTP ONECLICK's Integrated Tax Management System gives tax authorities the ability to receive tax revenue much faster at minimum costs, while realizing accurate and faster collections. This increases revenue for the tax authority.

REAL, HONEST SOLUTIONS

PTP ONECLICK is intensely client-focused and committed to the highest standards of integrity and compensation transparency. We believe in giving our clients honest, reality-based advice and service. We deliver the results you expect and will not leave you with questions.

SCALABLE TO GROW WITH YOUR ORGANIZATION

PTP ONECLICK's state of the art system design and technology is scalable to include the tax structure and all tax types of any taxing authority; and it can be configured to state-specific business rules and taxpayer requirements. Our Integrated Tax Management System is fully scalable, allowing our solution to grow and evolve with your tax authority structure.
